Workforce Planning and Development

- Title:** HSE First Aid at Work Re-qualification
- Description:** This 2 day re-qualification course covers the practical skills needed for those persons wanting recognition as the First Aider at work. This course includes a final assessment by external examiners and successful candidates receive a HSE approved certificate valid for 3 years dated from the expiry date of your current certificate.
- Requirements:** You must produce your First Aid at Work or First Aid at Work Re-Qualification certificate, which is valid for the duration of the training. This can be renewed up to 90 days before your current certificate expires. First Aider's whose certificate has expired for more than 28 days, must attend the 3 day First Aid at Work course.
- Audience:** Practitioners who have previously completed the Health & Safety (HSE) First Aid at Work three day accredited course and hold a current First Aid at Work Certificate that is due for renewal.
