

Your Council Tax 2022/23

The council tax comprises a number of individual elements as follows;

General Levy

This is the amount which can be raised to fund any council service. There is a referendum limit in place which prohibits a rise beyond 1.99% without having to hold a referendum. **For 2022/23 the general levy has been increased by 1.99%.**

Please note that percentage changes to all charges are shown to 1 decimal place on Council Tax bills in line with statutory requirements.

Adult Social Care Precept

The Adult Social Care (ASC) precept was introduced by the government in 2016/17 allowing those councils which provide social care to adults to increase their share of council tax by up to an extra 2%. For the 3 years from 2017/18 to 2019/20 the government announced that councils would be allowed to increase this by up to 3% in any given year, but no more than 6% in total over the 3 years, for 2020/21 government allowed an increase of up to 2%. In 2021/22 government allowed an increase of up to 3% with the option to defer up to 1% to 2022/23; Bolton chose to increase the precept by 2.5% in 2021/22. **For 2022/23 government has permitted councils to increase the ASC precept by up to 1% plus a maximum of 1% if deferred from 2021/22, Bolton has decided to raise the Adult Social Care precept by 1.13%.**

Adult Social Care services support some of the most vulnerable members of our communities, largely supporting those in old age and adults with disabilities. Due to an ageing population demand on adult services has significantly increased pressure on the council's budget. The extra council tax income raised by the ASC precept therefore helps to reduce this financial pressure.

Bolton's yearly increase in respect of Adult Social Care is as follows;

	Precept %	Amount Raised (£m)
2016/17	2%	1.823
2017/18	3%	2.952
2018/19	2%	2.072
2019/20	1%	1.097
2020/21	2%	2.264
2021/22	2.5%	2.891
2022/23	1.13%	1,384

Greater Manchester Mayoral Precepts

2018/19 was the first year when the Mayor for Greater Manchester took responsibility for both the GM Police and Crime Commissioner and GM Fire and Rescue Authority services. Greater Manchester Combined Authority now sets two precepts:

- Mayoral Police and Crime Commissioner Precept; and
- Mayoral General Precept (including Fire Services)

With regard to the Mayoral General Precept this is used specifically for initiatives to develop and enhance the whole of the Greater Manchester region.

Increases in the Mayoral Precepts are added onto the council tax charge set by Bolton. For 2022/23 the amounts for properties in Band D are as follows

A **£12 increase** for the Mayoral General (including Fire Services)

A **£10 increase** for the Mayoral Police and Crime Commissioner Precept

Council Tax Band and Charges

How is your Council Tax calculated?

The regulations permit the ASC to be increased by a percentage of the previous year's whole bill in the same way that the general council tax levy is increased. However, Council Tax Regulations state we must show the total cumulative amount raised specifically for Adult Social Care as a line on the council tax bill.
