

ZOO LICENSING ACT 1981

LICENCE TO OPERATE A ZOO

Part 1

Bolton Council being a local Authority responsible for licensing zoos under the Zoo Licensing Act 1981 ('the Act')

HEREBY LICENSE

Name of licence applicant: **Mr Anthony Grimshaw and Mr Carl Grimshaw**

Office held: **Directors of Smithills Open Farm Ltd**

To operate the premises known as: **Smithills Open Farm Ltd, Harricroft Farm, Smithills Dean Road, Bolton, BL1 7NS ('the zoo')**

Situated within the area of the said authority, subject to the conditions attached to this licence.

This licence is issued in accordance with the Act for a period of **six years** and shall remain in force from the **6th August 2022** until the **5th August 2028**.

Issue date: 16/09/2022

Signed: 

Name in capitals: JON DYSON

Office held: Place Services Director

On behalf of Bolton Council, Regulatory Services, Directorate of Place, Ellesmere House, Mayor Street, Bolton, BL3 5DT

Part 2

Licence conditions (required by section 1A of the Act):

The operator of the Zoo must ensure that the following measures are implemented in the zoo:

- promote public education and awareness in relation to conservation of biodiversity, in particular by providing information about the species of wild animals kept in the zoo and their natural habitats.
- accommodating and keeping the animals in a manner which meets the standards set out in the Secretary of State's Standards of Modern Zoo Practice.
- preventing escape of animals and putting in place measures to be taken in the event of any escape or unauthorised release of animals.
- preventing the intrusion of pests and vermin into the premises of the zoo.
- keeping up-to-date records of the Zoo's collection of animals, including records of the numbers of different animals, acquisitions, births, death, disposals and escapes of animals, causes of any such deaths; and the health of the animals.
- Participating in at least one of the following:
 - Research from which conservation benefits accrue to species of wild animals;
 - Training in relevant conservation skills;
 - The exchange of information relating to the conservation of species of wild animals;
 - Where appropriate, breeding of wild animals in captivity;
 - Where appropriate, the repopulation of an area with, or the re-introduction into the wild of, wild animals.

Part 3

Other conditions:

Additional conditions to ensure the proper conduct of the Zoo in all other respects, during the period of the licence.

Insurance

1. Within one month of the date of the licence and one month of the date of renewal of the policy, where applicable, a copy of the Zoo's current public liability insurance policy, and of subsequent renewals thereof, to be sent to the licensing authority.

Hazardous animals

2. The Licensing Authority to be notified in writing, at least one month in advance, of the proposed addition of any animal listed in category 1 of the Hazardous Animal Categorisation (see Appendix 12 of the Secretary of State's Standards of Modern Zoo Practice), which is from a taxonomic family of which Category 1 species have not previously been kept in the zoo.

Temporary Removal of Animals from the Zoo

3. The Licensee to notify the Licensing Authority before the temporary removal from the Zoo (other than for veterinary attention or inter-zoo movements) of any animal listed in Category 1 of the Hazardous Animal Categorisation of Secretary of States Standards of Modern Zoo Practice. Such notification should be given as early as possible and, in any case, no later than 12 hours before the removal, unless the Zoo operator and licensing authority mutually agree a shorter period. The notification should include details of the destination, the method of transportation of the animal, the arrangements for its well-being, and the arrangement for the safety of the public whilst it is away from the Zoo.

Escapes

4. In the event of any non-domestic animal escaping from the confines of the Zoo, notification shall be made to the licensing authority as soon as possible, and, in any case, not later than 24 hours following the escape.

Stock records

5. An annual stocklist of all animals must be kept and a copy must be forwarded to the local authority no later than 1 April of the year following to that which it relates. The stocklist should be in a multi-column format similar, for example, to Section 9.5 of the secretary of States Standards of Modern Zoo Practice, or to those that are produced by ZIMS or ARKS.

Electrical inspection certificate

6. The zoo licence holder must produce a copy of the full formal 3 year electrical inspection certificate (including any relevant recommendations) to the licensing authority. This Condition must be completed within 3 months from the date on which this Condition takes effect.

Pest control

7. The Zoo licence holder must produce to the Licensing Authority evidence that a program of control for pest and vermin has been put in place at the Zoo and written reports of its effectiveness be kept at the zoo.
This condition must be completed within 3 months from the date on which this condition takes effect.

Veterinary care plan

8. The zoo licence holder in conjunction with the zoo's Veterinary Surgeon must review and update the current veterinary care plans, for the animals kept at the zoo to include a comprehensive plan for each group and /or species of animals present, to include where appropriate geriatric / disabled care and monitoring for zoonotic disease. In addition copies of animal treatment records and evidence of the Veterinary Surgeon's CPD , must be kept at the zoo.
This condition must be completed within 6 months from the date on which this condition takes effect.

Labelling of freezers

9. The zoo licence holder must mark each freezer in use in the zoo with a label which appropriately identifies the use and contents held. The label to conform with accepted practice and any applicable health and safety regulations currently in force. (e.g animal by products regs).
This condition must be completed within 3 months from the date on which this condition takes effect.

Bite risks

10. The zoo licence holder must prevent the public being able to place their hands (or other parts of their body) through the gate bars of the enclosures containing animals where a bite risk exists. This may be done by meshing the gate fronts or an internal or external stand off barrier, or other effective action which minimises this risk.
This condition to be completed within 3 months from the date on which this condition takes effect.

Smithills Open Farm Ltd must keep information to show how it has complied and supply it to the local authority upon request.

Notes:

- 1) These conditions are attached to the licence without prejudice to the application, where relevant, of the Secretary of State's Standards of Modern Zoo Practice specified in accordance with powers conferred under Section 9 of the Zoo Licensing Act 1981.
- 2) The grant of this licence does not imply that the requirements of any other legislation have been met.
