

Short Term Breaks

**Useful Information for Carers and
Those Being Cared for**

April 2022

What is a Short Term Break?

If you or the person you are caring for are finding it hard to manage because of a long term illness, age or disability, you may be entitled to a short term break.

To use short term breaks, the person being cared for has to have eligible needs, and a carers assessment must be completed.

If You Want to Know More

Contact your social worker/care manager. If you do not have one, please contact your local Adult Social Care Services office. (see the **Useful Telephone Numbers** section further below)

if your stay in respite and/or hospital is likely to be more than 4 weeks, this may affect your benefits.

It is very important that you contact them before you have your short term break.

What Do I Need to Do Next?

If you have more than £23,250 in savings you can make your own arrangements if you choose.

If you are not making your own arrangements

You will be asked to complete a Financial Assessment form to determine how much you will have to pay towards your Short-Term Break

This form will enable us to provide you with an accurate charge for the care you are or will be receiving

How Will I Pay My Charges?

After your short term break stay, we will send you or the person who supports you with your money, a bill for each stay.

The bill will have full details of the dates of your stay and will also tell you about different ways you can pay your bill.

What if My Stay is Extended?

If your stay is extended for longer than 6 weeks in total, we will need to complete a financial assessment.

If this happens, we will contact you or the person who helps you with your money, to arrange this.
