

Finding a care home placement

**Residential and Nursing care homes
contracted to Bolton Council**

Last revised: 7th April 2025

Adult residential care homes and nursing care homes located in Bolton and contracted to Bolton Council

The information here is intended to help individuals, their relatives, carers, and friends looking for a care home in Bolton, including those making their own private arrangements with a care home.

You are strongly recommended to read Bolton Council's [Paying for Residential and Nursing Care](#) document before reading the rest of this document (which can be found on the Council's website). This explains in detail how care home placements are funded.

All registered care homes within Bolton, that have a contract with Bolton Council, and provide care for those aged over 18, are shown here.

The care homes are grouped into general age ranges for residents, although homes have some flexibility about the actual ages of residents that they may accept. The table below is split into the following colour coded sections to help you identify the type of care home for you or your relative:

	Residential care homes
	Care homes with nursing (which may also provide residential care)
	Care homes for younger adults

CareFind Website

The CareFind website connects you with care homes that have availability and can provide you with the care you need - <https://www.carefind.com/>

The detailed search facility enables the care seeker to ensure care is available, knowing it's accessible and what key services and transport links are nearby. Detailed care provider profiles set out the types of care, key facilities and activities to help ensure you find the care that best meets the need of the care seeker.

It is recommended that you contact the care home that you may be interested in and speak to the homeowner or manager directly. Prices charged to residents who fund themselves may differ to those funded by Bolton Council, you will need to confirm with the homeowner or manager the exact price for the kind of placement you are looking for.

Care Home Fees

The standard fee rate that Bolton Council pays to care homes, that care predominantly for older adults, is set out below. Homes predominantly for younger adults may have different prices.

Older People Care Placements – Weekly Fee	2025 / 26
Standard residential payment	£754
Standard nursing placement	£812
Dementia high needs payment (for residents assessed as requiring specialist dementia residential or nursing care in a dedicated dementia unit)	£84

Top-ups

If you have a Council funded placement and choose a care home placement that is more expensive than the assessed cost of your care set in your personal budget then a 'top up' payment may be needed for the duration of your residence in the care home which is either payable by a third party or by yourself as a first party top up (which is only permissible in certain circumstances).

A top up is an additional payment:

- For an individual who chooses a care placement commissioned by Bolton Council that is more expensive than the care home fee rate set in their personal budget.
- That is usually paid by a friend or relative who will need to provide evidence that they have the means to fund the top up. This is called a “third-party top up”

For more information, please read the Paying for Residential and Nursing Care guide which can be found on the council website or at the following [Link](#).

In certain circumstances you can make a top-up payment yourself, this is called a “first-party top up”. These can be put in place when:

- You are subject to a 12-week property disregard
- You have a deferred payment agreement in place with the Council
- Where you are receiving accommodation provided under Section 117 for mental health aftercare

For all placements funded by Bolton Council you will need to confirm with the homeowner or manager the exact price (in consultation with Bolton Council). You will need to ask if a top up fee is required when choosing a care home.

In the table below the column on the right “Placements accepted at the Local Authority rate” shows if the home accepts placements at the Bolton care home fee rate, also shown is if top ups are required on some or all placements at the care home.
