TRO 303997

Various New Streets (2025)

Please quote reference **TRO303997/IA/web** in all correspondence.

The Council proposes to create a 20mph traffic order as detailed within this document.

Statement of reasons

At a meeting held in April 2013 the Council agreed to the principle of introducing a mandatory 20 mph speed limit on most residential roads in the Borough, confirming the Council's policy to improve road safety, reduce the severity of casualties and improve the local environment. At a meeting held on 16th November 2015 the Executive Cabinet Member for Environmental Services approved these recommendations.

The order is proposed in the interests of improved road safety. According to ROSPA, a pedestrian struck at 20mph has a 97% chance of survival; this falls to 80% at 30mph and 50% at 35mph.
