

Mental Health and Wellbeing Training Programme

2025—2026

**Bolton
Council**

WELCOME...

This **FREE** training programme helps people to gain insights into their own mental health and wellbeing, as well as learn how to recognise the signs of poor mental wellbeing in others, provide support and advocate for mental health awareness in the workplace.

There are a number of different courses on offer, ranging from one-hour introductory sessions to courses with up to seven sessions on different days.

Training is available both online and in person

Please note that all our MH and wellbeing courses are free to attend, however, from the 1st October 2024, if places are booked and not cancelled, there will be a **non-attendance fee of £30 per course**.

Understanding depression

Course Overview

This 3-hour training session provides an introduction to understanding of depression, including its types, causes, symptoms, and support strategies. It equips participants with practical tools to recognise, manage, and support individuals experiencing depression. The session includes discussions, case studies, and practical exercises.

Objectives

By the end of the session, participants will:

- Understand what we mean by the term depression.
- Understand biological, psychological, and environmental causes.
- Recognise physical, emotional, and cognitive symptoms.
- Develop effective support and communication strategies.

Men's mental health

Course Overview

This training course equips professionals with the knowledge and skills to recognize signs of poor mental health in men, engage them in meaningful conversations, and provide appropriate support. Through practical tools and real-world insights, you'll gain confidence in assessing mental health conditions, understanding safeguarding responsibilities, and connecting men with vital services.

Objectives:

By the end of the session, participants will:

- Explain the prevalence and impact of mental health issues among men.
- Identify key signs and symptoms of poor mental health in men.
- Apply effective engagement techniques to encourage men to open up.
- Use appropriate screening tools to assess mental health conditions.
- Locate, and refer individuals to, relevant national and local support services.
- Understand safeguarding responsibilities and risk management procedures.
